Grants Awarded: **\$147,777**

The Trust awarded **\$147,777** in matching funds to 33 projects across Idaho to preserve historic buildings and artifacts (listed above). The Latah County Historical Society was selected as the Sister Alfreda Elsensohn Award Recipient of 2015. It is a joint \$10,000 award given by the Idaho State Historical Society, Idaho Humanities Council

and the Idaho Heritage Trust to recognize outstanding efforts in the field of historical interpretation, display and preservation. The Trust funded **\$121,500** toward grants awarded in previous years. Highlights of completed projects include:

Panida Theater, Sandpoint

The theater was built in 1927 in the Spanish Colonial Revival style which was popular nationally at that time. The interior details reflect this style and thanks to

several grants the gold plaster ceiling was beautifully restored. The Panida is included in the downtown historic district of Sandpoint and is listed in the National Register of Historic Places.

Assumption of the Virgin Mary, Greek Orthodox Church, Pocatello

The church is the oldest example of Greek Church architecture in the state today and fifth oldest Orthodox Church in the United States. It is listed in the National Register of Historic Places. The 100 year-old stained glass windows were restored with a matching grant from the Trust.

2015 Technical Assistance

Over the past year, the Trust provided a variety of technical services totaling **\$44,000** for professional architectural, archaeological, and preservation assistance. Highlights include:

Projectile Point, Weiser Valley

A Folsom projectile point (10,200-10,600 years old) was discovered in the Weiser Valley. The Trust funded acrylic replicas and illustrations drawn to scientific standards for documentation and publication purposes for the State Historic Preservation Office.

Historic Cemetery Preservation Workshop, Silver City

The workshop provided education and on-site hands-on demonstrations of proper cleaning, repair, and maintenance of cemetery objects.

Participants travelled from Challis, Cataldo,

Plummer, and the Treasure Valley to participate. The popular workshop has already been requested by two more historic cemeteries for next year.

Historic Masonry Restoration Workshop, Pocatello

National historic masonry expert, John Lambert provided education and on-site hands-on demonstrations of proper cleaning, repair, and repointing of historic masonry walls. The workshop certified 20 masons, architects, structural engineers, and building owners.

Idaho's Heritage Conference, Moscow

Organized by the Heritage Partners, including the Idaho Heritage Trust and five other organizations with distinct and unique missions have come together to ensure Idaho's Heritage is protected for future generations. This statewide educational and cross-discipline conference reached over 200 attendees.
